

AVerVision VP1

Portable Document Camera

AVerMedia®

in no time

Product Description

The AVerVision VP-1 is a high quality, yet economical document camera solution, perfect for first time document camera users, tight budgets, or for those who only need the basics. The VP-1 offers an ultra-portable, lightweight design with key features including auto focus and 8X digital zoom. Document cameras play an essential role in lessons, demonstrations and image display. The AVerVision VP-1 will fill the fundamental need for basic document presentation while still maintaining crisp AVerVision image quality in any situation. The 2 mega pixel camera provides exceptional image quality, while the plug-n-play design gets users up and running in seconds.
