

16 Device B.Y.O.C.™ (Build Your Own Cart) Charging Solution

Configurable to accommodate your specific classroom needs

The unique "peg board" design allows for shelving or hanging storage to be utilized on the outside of the cabinet while adjustable slot dividers can be easily removed and adjusted to match the needs of your class at any given time to charge and secure up to 16 devices up to 15".

Simple cable management

Dual locking cable management offers easy, yet secure cabling to charge any device regardless of the brand or model.

Stackable, wall mountable or mobile

Mount it, stack it, or roll it. Easily secure the X16 to the wall, or stack others to accommodate more than 16 devices. Add the optional 5" casters and handle to move it and share throughout the school.

Integrated Locks

Integrated locks on the front door and top provides extra security while devices are charging.

Specifications
